

Birding Checklist

The following birds have potential to be sighted in Hollywood Cemetery. Some are seasonal (noted). Some are migrants, stopping briefly on their way to rest in the Spring and Fall (noted).

This Checklist was prepared with assistance from eBird, which is a global database of bird sightings recorded by volunteer birders ([Hollywood "hot spot"](#)). Some species are noted with an asterisk that have not yet been recorded on eBird, but are possible candidates for sighting in the cemetery's natural areas. If you enjoy this Checklist, please consider contributing your sightings to eBird. It is 100 percent free to take part, and your observations will help support birders, scientists, and conservationists worldwide. Go to ebird.org to learn more.

Waterfowl

- Canada Goose
- Wood Duck
- Mallard
- Bufflehead (Fall to Spring)

Pigeons and Doves

- Rock pigeon
- Mourning Dove

Cuckoos

- Yellow-billed Cuckoo (Spring to Fall)

Swifts

- Chimney Swift (Spring to Fall)
