Friends of Hollywood Cemetery, a 501(c)3 organization, was founded in 2007 to provide for the restoration and conservation of monuments, sculptures and ironwork within the cemetery.
March 2019

Dear Friends of Hollywood:

Thank you for making 2018 such a fantastic year!

Because of you, Friends of Hollywood Cemetery is now focused on Phase III of our comprehensive capital restoration of the Cemetery. Since 2008, you have helped us raise more than $3.57 million, which has gone directly to:

- Completing the restoration of all 44 sections of the Cemetery
- Completing two of the James River Overlooks
- Creating a world-class repository of genealogical information
- Hiring a full time conservator who started as an intern in our program with VCU and who will now continue the ongoing restoration work at Hollywood

Thank you for your support. We cannot do our work without you.

Let me re-cap the highlights of what your investment in Hollywood Cemetery has made possible during the last year:

- We have purchased and are now customizing tree management software to inventory and track tree maintenance for over 2,000 trees in Hollywood. For us to be the best stewards of these beautiful assets, each of these trees is being identified with a barcode that allows us to track maintenance, age, projected lifespan and other useful information. Visitors to the Cemetery will soon have access to information about the trees as well.
- We began the restoration of stained glass windows that grace the Page and Ginter mausoleums. The stained glass was made by J & R Lamb Studio and Tiffany and are splendid examples of stained glass from the early 20th century. It is important to preserve these treasures that attract visitors from all over the world.
- We are in the midst of completing the digitization of the first 100 years of Hollywood’s history, which is a collaborative project with the Virginia Museum of History & Culture (formerly the Virginia Historical Society). We know that Hollywood’s history is popular among researchers, and the digitization process is preserving and bringing this information online to a much wider audience. We expect this project to be completed by June.

We are maintaining our momentum in 2019! We have plans to start a third James River Overlook by Davis Circle and continue the work we are doing throughout the Cemetery.

None of these accomplishments would be attainable without your support. I am ever grateful for your interest in one of Richmond’s most notable landmarks. Please come and visit soon and see all that you have made possible here.

Sincerely,

Edward M. Farley, IV
Chairman, Board of Directors

Tiffany Windows in Lewis Ginter Mausoleum

Made of opalescent glass, the windows were designed by Louis Comfort Tiffany, one of the foremost artists of the Art Nouveau era. The mausoleum contains a marble sarcophagus with the remains of Ginter, a prominent Richmond businessman and philanthropist. First protected by only exterior bronze gridwork, plexiglass was added in 1985. Richmond resident Dr. Steve Fink detected damage from the elements as well as noticed damage from rocks that had been thrown at the windows. He reached out to Friends of Hollywood suggesting that the windows might need restoration, and Executive Director Kelly Wilbanks agreed. The restoration project is will be conducted by Conservator Scott Taylor. (*Tiffany windows featured left and on the cover.*)
